FINNISH MEDALS IN EYOD/EYOF	
1991-2013 Winter	33
COMPETITION SCHEDULE	36

From Chef de Mission

The Finnish Olympic Committee proudly presents the Finnish Team in European Youth Olympic Festival in Vorarlberg & Liechtenstein: 33 individual top athletes and a World-class boys' ice-hockey team. Since 1991, Finnish athletes have won 53 medals in EYOF winter games. 17 Finnish EYOF participants have later qualified to the Winter Olympics, and 12 of them have won Olympic medals.

Naturally, we want to win ever more medals and improve our overall success, but simultaneously we feel that participating in this wonderful event is a goal as such. We want to send strong teams to EYOF competitions, support our teams with the best possible expertise and inspire participating athletes to pursue their dreams in sports.

I wish good luck to all the participants and delegations, Finnish team look forward to share great festivals with you in Vorarlberg and Liechtenstein.

Peter Brüll
Chef de Mission
Team Finland

Message from Finnish Olympic athletes

The best feelings and memories of international top athletes are often related to participating to an international multi-event competition, where athletes from around the globe meet, compete and celebrate together. All the excitement is there, all the expectations are there, and yet you're not alone, but part of a team that carries you, no matter if you fail or succeed. EYOF is one of these events. It offers you a unique chance to reach the joy of sports and togetherness, just like you did as a child when playing outside with your friends.

EYOF is an exciting competition, an important milestone at the beginning of an international career. But it is also a chance to enjoy the Olympic spirit and have a good time with people that share a common love for sports. We encourage all the participants to cherish this opportunity and live along these unforgettable days. Be strong, dream big!

Saara & Tanja

Saara Niemi is a two-time Olympian and Olympic bronze medalist in women's ice-hockey. Tanja Poutiainen is a five-time Olympian and Olympic silver medalist in women's giant slalom. They both travel to

Vorarlberg and Liechtenstein to work as team officials and sports ambassadors in the Finnish team.

About Finland

People

Population: 5.48 million, 18.0 inhabitants per km² (41.8 per square mile)

Life expectancy: Men 77 years, women 83 years

Languages: Official languages are Finnish (spoken by 90%) and Swedish (5.4%). Sámi is the mother tongue of about 1,800 people, members of the indigenous Sámi people of northern Lapland.

Religion: Christianity; 75.2 % Lutheran and about 1.1% Orthodox. In practice Finnish society is fairly secularized.

Geography & Climate

Area: 338,432 km² (130,985 square miles), the fifth-largest country in Western Europe

Greatest length from north to south: 1,160 km (720 miles)

Greatest width from east to west: 540 km (335 miles)

Capital: Helsinki (1.42 million inhabitants in metropolitan area)

Climate: Great contrasts – cold winters and fairly warm summers (2014 extremes: coldest day in Utsjoki -40.7 C/-41.3 F, warmest day in Heinola 32.8 C/91.0 F)

State & Government

Independence: Declared on December 6, 1917. Previously (1809–1917) a grand duchy in the Russian Empire, and a part of Sweden for 600 years before that.

Form of government: Republic, parliamentary democracy

Parliament: 200 members in one chamber, elected every 4 years in a direct vote (next elections in 2015).

Cabinet: Multiparty coalition cabinet. The current Cabinet is run by Prime Minister Alexander Stubb.

Head of State: President of the Republic, elected every 6 years, two-term maximum.

Currently Mr Sauli Niinistö, elected in 2012.

International cooperation: Member of United Nations since 1955 and European Union since 1995

Society & Economy

Key features: High standard of education, social security and healthcare, all financed by the state GDP per capita: 37,018 euros (2013).

Main exports: Chemicals, wood and paper products, electrotechnical goods, metal products, machinery, transport equipment.

Main imports: Raw materials, investment goods, energy, consumer goods (for example cars and textiles).

Currency unit: Euro

Sources: Statistics Finland, National Board of Customs, Population Register Center

Wintersports in Finland

Finland is covered by snow and ice for five months in a year. This makes Finland a natural winter sports country. Finnish athletes have won medals at every Olympic Winter Games since their beginning in 1924. In the all-time Winter Games medal table Finland currently occupies tenth place with 161 medals – 42 gold, 62 silver and 57 bronze.

Cross-country skiing has always been considered a national sport in Finland. No wonder then that many of the most successful Olympic athletes have been skiers, such as Veikko Hakulinen, Eero Mäntyranta and Marja-Liisa Kirvesniemi, all three-time Olympic gold medallists. In Sochi 2014 Finland won three Olympic medals in cross-country skiing.

Finnish ski jumpers have enjoyed Olympic success since the 1950's. Matti Nykänen won four gold medals in his Olympic career, including all three in Calgary 1988. In Nordic combined Sampsa Lajunen won three gold medals in Salt Lake City 2002.

In Alpine sports Finnish successes have been fewer, which is not surprising for a land with no mountains. Finland's only Olympic medal in Alpine skiing so far is Tanja Poutiainen's silver in women's giant slalom in 2006. Finnish freestyle skiers and snowboarders have been more successful. Janne Lahtela won gold in men's moguls in 2002. In Sochi 2014 Enni Rukajärvi took silver in women's snowboard slopestyle.

The most successful Finnish Olympic winter sports athlete of all time was Clas Thunberg, who won a total five gold medals in speed skating. Finnish speed skaters have in the past few years returned to the fore at World Championship level. The same holds true in figure skating and biathlon.

Ice hockey is the most popular spectator sport in Finland. It is also the only team sport in which Finland has enjoyed medal success. Finland has won two men's World Championship titles (in 1995 and 2011) as well as six men's and two women's Olympic medals.

Finnish ice-hockey players Teemu Selänne and Mikael Granlund celebrating Olympic bronze medal in Sochi 2014. (Finnish Olympic Committee/Europhoto).
